Company overview

Pyramid Engineering Private Limited (PEPL) is a trusted engineering contractor specialising in Electrical, Control & Instrumentation (EC&I), Automation Systems and Thermal Insulation for process piping and industrial equipment. With a skilled workforce and a strong project portfolio, PEPL consistently delivers safe, reliable and cost-effective engineering solutions for industrial clients.

Founded in 2008 by a small, dedicated team focused on the Oil & Gas, refinery, petrochemical and power plant industries, the company specialises in plant maintenance, small capital projects, shutdown maintenance and start-up support. Our project management philosophy is founded on the ACTIVE principle — Achieving Competitiveness Through Innovation and Value Enhancement.

Key services

01 Electrical Engineering

- HT/LT cable laying, glanding and termination
- HT & LT switchgear, MCCs and distribution panels
- Testing, commissioning and energisation
- Licensed Electrical Worker (LEW) services

02 Control & Instrumentation

- Field instruments, control valves and junction boxes
- Instrument & control panel design, build and installation
- Bench and field calibration, full loop checking
- PLC/DCS/SCADA interfacing and commissioning

03 Fire & Gas and Security Systems

- Flame, smoke, heat and gas detection
- Fire and gas alarm panels, cause-and-effect verification
- CCTV, NVR and access control installation

04 Mechanical & Piping

- Pipe spool prefabrication and site installation
- Static and rotating equipment installation
- Pre-assembled modules (PAM) and skids
- QA/QC inspection and NDE coordination

05 Thermal Insulation

- Hot and cold service insulation for piping and equipment
- Aluminium and stainless cladding, in-house fabrication
- Vapour barrier detailing and CUI risk mitigation
- Acoustic insulation and removable covers

06 Refractory Lining

- Monolithic, brick, erosion and acid-resistant refractory
- Furnaces, boilers, reactors and incinerators
- Casting, gunning, controlled dry-out and relining
- Inspection and technical consultancy

07 General Civil Works

- Cable trenches, duct banks and road crossings
- Equipment and panel plinths, foundations
- Plant road widening, patching and drainage

08 Maintenance & Shutdown Support

- Turnaround and shutdown execution teams
- Predictive, preventive and daily maintenance
- Call-out agreements and breakdown response
- Small capital projects and plant modifications

Additional capabilities

Scaffolding erection, modification and dismantling with scaffold design · tank cleaning, desludging and hydrojetting · surface preparation, blasting and coating · non-destructive examination coordination · manpower provision for general works.

Sector experience

Refineries

Shell Eastern Petroleum (Pulau Bukom), ExxonMobil Asia Pacific, Singapore Refinery Complex — turnaround and project execution.

Petrochemical & Chemical

Chevron Ornite, Evonik, DuPont Sakra, Lanxess, Sumitomo, Kuraray, Denka, Solvay — EC&I, insulation and mechanical packages.

Power Generation

Senoko, Tuas, Keppel Merlimau Cogen, Sembcorp Cogen Banyan, Pacific Light, PowerSeraya — shutdown maintenance.

Renewables & Solar

REC Solar revamp projects and ongoing maintenance; Sembcorp solar project under Kurihara Kogyo.

Pharmaceutical

Pfizer (under KPW Engineering), Sanofi civil works, Croda N2 skid project.

Manufacturing & Terminals

Murata Electronics (since 2012), Kim Hock, Global Foundries, Micron, Vopak Sebarok, Air Liquide.

Selected project highlights

PROJECT / PLANT	CLIENT OR MAIN CONTRACTOR	SECTOR	PERIOD
Murata Electronics Singapore	Murata Electronics (Pte) Ltd	Manufacturing	2012 – present
SMAG maintenance support	Ashahi Kokusai Keiso	Manufacturing	2019 – present
REC Solar revamp projects	REC Solar Pte Ltd	Renewables	2022 – present
Pfizer plant project	KPW Engineering	Pharmaceutical	2023 – present
Global Foundries / Micron	Siemens	Manufacturing	2022 – present
Power fleet maintenance (4 plants)	GE-FieldCore & Hitachi	Power	2021 – present
Maintenance & SDM support (5 plants)	JML	Power	2022 – present
Exxon Mobil, Aster Bukom & Seraya support	Air Liquide	Refineries	2023 – 2024
Chemical Speciality maintenance	Chemical Speciality S Pte Ltd	Petrochemical	2021 – 2023
Evonik ME06 / Linde IGP-2	KPW Engineering	Petrochemical	2018 – 2019
Chevron Ornite (multiple projects)	Kurihara Kogyo Co Ltd	Petrochemical	2009 – 2021
Shell Pulau Bukom turnarounds	Industrial Services P Ltd	Refineries	2010 – 2014
ExxonMobil Asia Pacific turnarounds	Industrial Services P Ltd	Refineries	2009 – 2013
Singapore Refinery Complex turnarounds	Industrial Services P Ltd	Refineries	2010 – 2012
DuPont Sakra utilities separation	Kurihara Kogyo Co Ltd	Petrochemical	2014 – 2015

Certified scope: process and industrial plant consultancy, engineering, construction and maintenance works for chemical, refineries and petrochemical industries.

Clients

- Air Liquide
- GE-FieldCore
- Hitachi Singapore
- Kim Hock Corporation
- REC Solar Pte Ltd
- Sumitomo Chemicals
- Kuraray Chemicals
- Advorio

Main contractors

- Ashahi Kokusai Keiso
- Enercon Engineering
- Hileck Engineering
- Hertel Singapore
- Honeywell Singapore
- Industrial Services
- KPW Singapore
- Kurihara Kogyo
- PEC Ltd
- Siemens
- Unipower Engineering
- Vac-Tech Engineering
